# SPECIAL ANNOUNCEMENTS 2023

## EMPOWERING FEMALE VETERANS

At WIN, we are deeply committed to improving the lives of those who have served our country with honor and dedication. We have identified a pressing need to address the unique challenges faced by female veterans, who often confront a myriad of obstacles when transitioning from military service to civilian life. Many of these remarkable women face difficulties in finding employment, accessing quality healthcare, and obtaining the support they need to reintegrate successfully into society.

To bridge this gap and provide comprehensive assistance to our female veterans, we have launched a targeted program that focuses on their specific needs. Through mentorship, job training, mental health support, and access to essential resources, we aim to empower these women and offer them a chance to rebuild their lives with dignity and purpose.

However, we cannot achieve this transformative impact without the support and generosity of compassionate individuals like you. Your contribution will enable us to provide vital services and resources, such as career counseling, professional development workshops, access to mental health counseling, and assistance with housing and healthcare. Your partnership will help us create a supportive network that fosters the physical, emotional, and economic well-being of our female veterans.

By supporting our program, you will directly contribute to the empowerment and success of these incredible women who have sacrificed so much for our nation. Your donation will help us achieve the following objectives:

1. Provide job training and career development programs tailored to the unique needs of female veterans, while supporting their career search.
2. Facilitate access to mental health support and counseling services to address the challenges associated with post-military life.
3. Facilitate access to affordable housing, healthcare resources, and childcare services.
4. Establish a mentorship program that pairs female veterans with successful professionals who can provide guidance and support.
5. Organize networking events and workshops to foster connections and promote personal and professional growth.

We kindly request you to consider making a donation and join us in our mission to honor and support our female veterans. Together, we can empower our female veterans and ensure they receive the care, support, and opportunities they deserve. Should you have any questions or require additional information, please do not hesitate to contact me at 412-963-6311 or [dpomaybo@na-WIN.com](mailto:dpomaybo@na-WIN.com).
